The Complete Kli (Vessel)

Each one has a particle and only in connection can we receive the complete deficiency.

When we assemble, it doesn't matter what we eat or drink or what we sing or how we dance or how people look. This is only the external form. I am going to connect to the desire of the Creator that is found within this external form. I can sit on the side and want the same desire that the Creator awakens in them. I look at them and see my complete soul, the complete deficiency. I only have a point, a particle, and only in connection will we receive the correct volume of the *Kli*.
