Daily Kabbalah Tip

Advice in the daily Kabbalah lesson is recommended, practical tasks for advancing spiritually

Relation to the Society

The revelation of the worlds happens according to the change in my relation towards the society.

Advancement can only be in the relation to the society. It is only this relation that we need to correct. The only thing that is given to change is my relation to the environment and from within this change of relation, I can see reality in a different way. I relate to others according to my bestial attributes, and according to that I reveal this world.

When I relate a little differently, I discover the worlds of Assiya (action), Yetzira (formation), Beria (creation)... In what ways do these worlds differ? They differ in no way. Only my relation can change. We need to constantly be in the sensation of this data. This is the most important point.

"Corporeal security" is the security of my personal existence, of my family, and of the general society of humanity, that they should never be lacking the essential fulfillments. "Spiritual security" is when we are already above this and searching how we can bestow to the Creator to the maximum, in each moment of our existence. This state is when a person is sure that he will never be lacking the power to bestow to others and to the Creator and one receives this only in a spiritual society that gives support in *Arvut* (mutual guarantee).
