Spiritual Necessity

The advice of the Kabbalists must be a necessity for us

The souls of Kabbalists that already went through correction received orders from nature, from the Creator, to be in connection with us and to give us a method of how to work and how to organize a correct environment. We must use this advice since to progress according to nature will take a lot of time and a great deal of energy for each and every act.

Kabbalists' advice must be a necessity for us. If we don't carry out what the Kabbalists write about, then we won't progress. We must relate to their words with absolute seriousness and not have any illusion that it is possible to succeed in any other way.
