### Evil Is Good

**If we prepare ourselves correctly and relate correctly to the evil that is revealed, it will turn into good.**

We only need to hate the evil. The Light that reforms will do everything else. If our preparation is correct, from within the group, from studies and dissemination, then the revelation of evil will come happily since it is a sign of correct advancement. If we performed the preparation correctly and we find ourselves in the correct relation to evil and use it correctly to advance, then it immediately changes into good.
