Daily Kabbalah Tip

Advice in the daily Kabbalah lesson is recommended, practical tasks for advancing spiritually

You Will See Your World In Your Lifetime

I am living in order to attain the spiritual dimension. And you?

Man very much needs to feel a deficiency for spirituality; otherwise, what is the reason for his living? The wisdom of Kabbalah is a special wisdom because it raises a person, in his life, to the level of eternity, to a dimension of timelessness. When he rises to this level and feels it, this is called that "you will see your world in your lifetime." And then a person feels the spiritual life, the endless flow of nature. He needs his body, i.e., his animal, only to connect to others and in order to execute actions towards them. But the person himself is already in the spiritual dimension.

We must worry that we have a drive for this, a desire for this, to understand how the wisdom of Kabbalah is special. In the beginning the understanding is of an egotistic nature. Afterwards we will understand that the departure to the spiritual dimension is something else, and we receive it in a different way. But in the meantime, we need to worry about ourselves in an egoistic way. From this we will begin to awaken.

Daily Kabbalah Definition

Definitions in the daily Kabbalah lesson guide a precise, spiritual approach to terms, & disqualify materialized corporeal definitions

The Global Crisis, The Coming of the Messiah

What does the term “the coming of the Messiah” mean, and how is it connected to the worldwide global crisis?

“The coming of the Messiah” is the state into which all of humanity is currently entering. This is the beginning of the final redemption, in which the Creator wants to be revealed to everyone, to all humans, and there is a limited time allocated for this. This is the beginning of the revelation that we are not yet familiar with or understand, but it can already be identified according to all the events occurring in the world these days, about which Kabbalists write for us.

Therefore, we are now entering the global crisis; and the Force that requires us to properly connect among us is being revealed. The more we disseminate the wisdom of Kabbalah, the more we will advance and implement this goal ourselves, which is called the path of [Achishena](#) (“I will hasten it.”), and the faster and easier we will attain this great goal. And if not, then unfortunately we may suffer until the forces of nature will necessitate us to implement it, in any case.
