### **In a Hurry Nowadays**

**The desire for a good society draws more Upper Light to the world.**

We need to go out in the streets and play the corrected society, together with the crowd. You don't need to say anything about the goal of creation, but only to play our music for them, to give them the desire for a better world. This desire will already draw the Upper Light and we will see that people who today are not interested in Kabbalah at all, within two months will be connected to us in heart and soul. It needs to be discovered in the world, by many, and what we attain by efforts and exertion, they will attain easily. We hope that we will succeed in doing this correctly.
