Concealment and Disclosure

How should we relate correctly to a friend when he falls?

If I see that a friend falls away from the intention, I need to help him in an external way, and internally to justify him, to think that I would have fallen even lower. And more than this, I need to see that the Creator arranged the fall for the friend so that I would go above this thought and understand that the friend is in *Gmar Tikkun* (End of Correction), and because of my distortion, I see him as if he has fallen.
