Results of the Protest

We need to invest in all external and internal dissemination and receive the result in love.

We need to influence with whatever we have, towards the nation, to enter our ideas as much as possible, i.e., pamphlets, fliers, broadcasts, music, information, etc. We need to do this without looking for the external results of the protest. The results don't depend on us. I need to invest as much as I can in external dissemination and inner connection, to receive with love everything that will happen because everything is aimed Above for the benefit of advancement.
