The Next State

Everything depends on the preparation of deficiency.

Everything depends on the preparation of the correct deficiency in the correct way. We are facing a happy occasion and when we prepare for it, we already enjoy the future Lights that we will receive from it and thus we will receive deep impressions. The success of the Convention depends on the preparation of the deficiency, i.e., what am I going to correct? What will I gain from it? How am I going to participate? I must describe to myself that I am already there, like a child who imagines to himself what will be and from this grew up. It is compulsory.

If a person is not in anticipation of what will happen, even if he is worried and anxious and not in admiration and happiness, if he doesn't prepare the deficiency, he will not gain a thing.
