The Many or Few

Is it possible to reach correction with one friend?

Actually two is enough in order to create a society. The minimum of many is two, but the question is: is it possible to connect to one friend as a real friend?

When there is one friend, it is a problem since the two share their egos. We see in life that it is possible to be close to someone, but is it possible to connect in such a way as to discover the Creator between you? With the group, even with a small group, it is easier and it is possible to receive help from them in different manners. With one friend, it's a problem.

Coupling Through Striking

What is the meaning of the Kabbalistic concept "coupling through striking"?

Coupling through striking is an action where we perform our connection with the Creator. It is a connection with the Creator with the conditions imposed by the creature. But if he placed the conditions to a specific extent and the Creator knows that the measure is not complete, then nothing comes out of this attempt. And it continues to be this way until the creature clarifies where he missed the opportunity to prepare himself correctly.
