Daily Kabbalah Tip

Advice in the daily Kabbalah lesson is recommended, practical tasks for advancing spiritually

Maturing Correctly

We mature through listening to the advice of the Kabbalists.

We mature through the advice of the Kabbalists, like children who listen to Mom and Dad. You don't need to believe them, but to believe in what they are advising you to do, to believe that through this you mature and develop your *Kli*. You believe, and when you advance a little, you see that these things are correct.

You must reach the revelation of the Upper World while in this world, in this life. This is the goal of Creation, to discover reality in a concrete way, scientifically. "You will see the real world during your lifetime." For this we exist. Before each revelation you need to prepare yourself, and also here. So, you depend on others who went through this process before you and you do as they advise you. Thus you advance.
